*"I was raised in a small city in northern New Hampshire and lived there until I joined the Air Force in 1992. After the Gulf War in 1991 I felt a calling to be part of something bigger than Berlin, NH. My father was a retired member of the Air Force and my brother was in the Army, so it just felt right. I was stationed in Germany and England and loved every minute of it. I was able to travel all over Europe and was stationed at the base I was born at in England. Not only did I get to see the world (or at least, the European world), I was able to meet so many wonderful people from all over the United States and different countries. What an experience!*

*As a former military spouse, I have lived in many states and towns, from South Dakota to Georgia, Texas to New York, before settling down in Indiana ten years ago. I am blessed with four wonderful children. My oldest are twin boys that are currently juniors at IU-Bloomington and IU-Southeast; my third son is a junior in high school; and my daughter is a sophomore in high school. I am also 'mother' to three cats! I hear that you're not the 'crazy cat lady' until you have 5. I don't plan on ever earning that title!*

*At present, I am studying to complete my Bachelor's in Business Management through Indiana Wesleyan University, and will graduate in April, 2016. My passion is reading (which I haven't had time to do for the past year) and updating my 80+ year old house."*
